## DESCRIPTION OF SWIM LEVELS

The Levels are presented in a logical progression. It is not unusual for swimmers to stay at a certain level for a few times before they can successfully complete all the skills at that particular level. It is natural for children to develop skills and comfort levels at different paces.

**Pre-School Swimmer:** For children ages 4 and 5 years old who are ready to participate in a group setting **without** a parent. They learn Level 1 skills.

**Level 1:** Ages 6 and up - Water Exploration. They learn water entry and exit, breath control and submerging, buoyancy, changing direction and position and swimming on front and back.

**Level 2:** Primary Skills

**Level 3:** Stroke Readiness

**Level 4:** Stroke Development

**Level 5:** Stroke Refinement

**Level 6:** Skill Proficiency - "Personal Water Safety"

## **SWIMMING LESSON SESSIONS**

Three sessions will be offered. You may sign up for one session. Nine lessons and one "fun day" will be given. If we have to cancel a lesson due to inclement weather, the lesson is made up on "fun day."

\*\*Due to a shortage of swim instructors, we are offering fewer classes.
